

Converter NV-101USBCI

Specifications	Description
Device Type	USB/RS-485 converter
Data Input	USB 2.0
Data Output	RS-485 (screw terminal)
Protection	3 kV isolation of input and output circuits
Transmission Type	Half duplex, differential signals
Transmission Distance	Up to 1200 m
Operating Temperature	0°C ~ 55°C
Relative Humidity	0% ~ 95%
Dimensions (mm)	25 (L) x 67.5 (W) x 25 (H)
Weight	65 g
Cable Recommended	CAT 5 UTP Cable (Ø=0.5 mm)
In-Set Included	Main body, software drivers, USB cable for PC connection
